ABOUT THE UNIVERSITY

Periyar University was established in 17th September 1997 at salem in the name of Thanthai Periyar, the social reformer, who worked for the welfare of the oppressed and suppressed groups in Tamilnadu. The university has been reaccredited by NAAC with "A" grade in 2015. The university also has been ranked 47th rank among the 722 Universities in India and placed second best among the State Universities in Tamil Nadu in the 'India Ranking 2016' released by the MHRD Under NIR frame work.

DEPARTMENTOF EDUCATION

The Department of Education was established in June 2005 with the approval of UGC and NCTE Bangalore. It offers B.Ed (PT), M.Ed, M.Phil (FT/Week-End) and Ph.D (FT/PT) and PG diploma in e-content Development Programmes. It has three fold functions as teaching, Research and Extension activities.

ABOUT THE SEMINAR

Before the development of computer and internet technology the research is closely related to printed version of resources like research books, journals, manuscripts, dictionaries, etc., But these printed versions are not easily accessible to all and are also expensive in nature. Hence now we need of e-resources. The seminar aimed to find out the way of records of Journal articles, Research syntheses, Seminar papers, Technical reports, Policy papers.

Electronic resources of information were accessed as digital formats through different search engines as offline or online databases. Online-research resources like e-books; e-mail; e-journals; e-dictionaries; e-thesis; e-forum; e-magazines; e-newspapers; meta search engines and Websites. Offline research e-resources like CD-ROM based e-resources; Offline e-books; and mobile devices, MS Office ppt applications; Training software; e-dictionaries; e-prompter; PDF converter and Steganography. Even though different types of resources and meta-data searchers are available, Staff and Scholars may not be able to use in proper way.

India's NKC's also supported this view. The e-resources available in different formats like NPTEL, CEC, OSCAR, eGyanKosh of IGNOU, NSDL, NISCAIR, Vidyanidhi and ROCW are supports the researchers and faculty to carry out the research in an efficient manner. The seminar will develop the fundamental knowledge of basic computer skills; Internet skills and web skills to attain the proper e-resources.

OBJECTIVES OF THE SEMINAR

- To know the different types of electronic resources available in the web.
- To find out the different techniques to practice the quality in electronic resource management.
- To enrich the researchers to develop the appropriate tracking's of electronic resources.
- To enhance the impact of electronic resources for their academic work.

SUB THEMES

- Links of UGC -INFONET resources.
- Challenges and reasons for usages.
- Utility of innovative practices.
- Understand the different varieties.

SUBMISSION OF PAPERS

The Heads of the Departments of Universities and the Principals of college are requested to circulate the Seminar announcement among their colleagues and depute at least two delegates to present the papers/participate in the Seminar.
