Doctors, barristers, or any top professional, finds nothing undignified or shameful in donning the apron to help in the kitchen or nursery. They even boast if their superior organization of the washing of dishes or the linen. The schoolboy is more often than before expected to help in the household chores. Girls now work in factories and earn their living. Women run companies and rule the nation. As the roles have reversed life has become less complicated and every family member takes pride in any type of work.
