

# PERIYAR UNIVERSITY

Salem- 636011, Tamil Nadu, India

## IT Policy

The Institution communicates its quality policy to the stakeholders through media, a website of the University and other ICT in use for communication.

University Management Information System has been developed for the automation of University/affiliated college activities through online such as conducting Entrance examination, Admission process, Examination & Evaluation process, issuing of certificates with National Academic Depository system.

Deploying Internet connectivity to all the departments and University sections with firewall software for security.

Learning Resources like e-Journals, e-books, Inlibnet – Shodh Ganga, databases are available to the faculty members and students and can be accessed locally and remotely.

Faculty members and Research scholars are allowed to use the High Performance Computing locally and remotely for their research work, on IP based Network.

Faculty members are encouraged to develop ICT based E-learning content and online teaching for the benefit of students.

Wisdom Maketh the World
