• Promptness /Punctuality				76	21	3	100
• Tolerance to stress				66	26	8	100
• Work ethics				79	18	3	100
• Initiate new ideas				71	24	5	100

Table – 4: Relevance of curriculum to employability, syllabuses meet industry needs and fundamental skills

Questions	Strongly Agree	Agree	Neither Agree nor Disagree	Disagree	Strongly Disagree	Mean Score
1 Employability						
The program's overall curriculum is relevant to employability	28	9	1	0	0	4.7
The employers are highly satisfied with the curriculum's relativity to employment.						
2 The syllabus of the Programme meets the requirements of the industry						
Experiments and practical's are conducted following current industry practices.	21	14	2	1	0	4.4
Capacitated to work with cutting-edge technology, new types of equipment, and materials	21	14	2	1	0	4.5
Employers are gratified with the graduates' capacity to work with new equipment and latest technology. They are happy about the Experiments and practical in the curriculum which is conduced exactly like the current industry practices.						
3 The curriculum is designed to include the fundamental skills						
Technical & Practical Skills: Have necessary technical & Practical skills to carry out the responsibilities of a job role	22	15	1	0	0	4.5
Digital skills: i) Know basic Microsoft office applications	25	12	1	0	0	4.6
ii) Have specific software skills related to the job role	23	12	3	0	0	4.6
iii) Have basic Internet Skills such as communication via email, finding internet solutions to the problems, and online transactions	26	12	0	0	0	4.7
Communication skills: i) Adequate oral communication skills	25	11	2	0	0	4.6
ii) Adequate written communication skills	25	11	2	0	0	4.6
Employers are extremely satisfied with the technical and practical skills of the graduates for carrying out any job role. Employers are highly content with the communication skills and Digital skills of the graduates.						

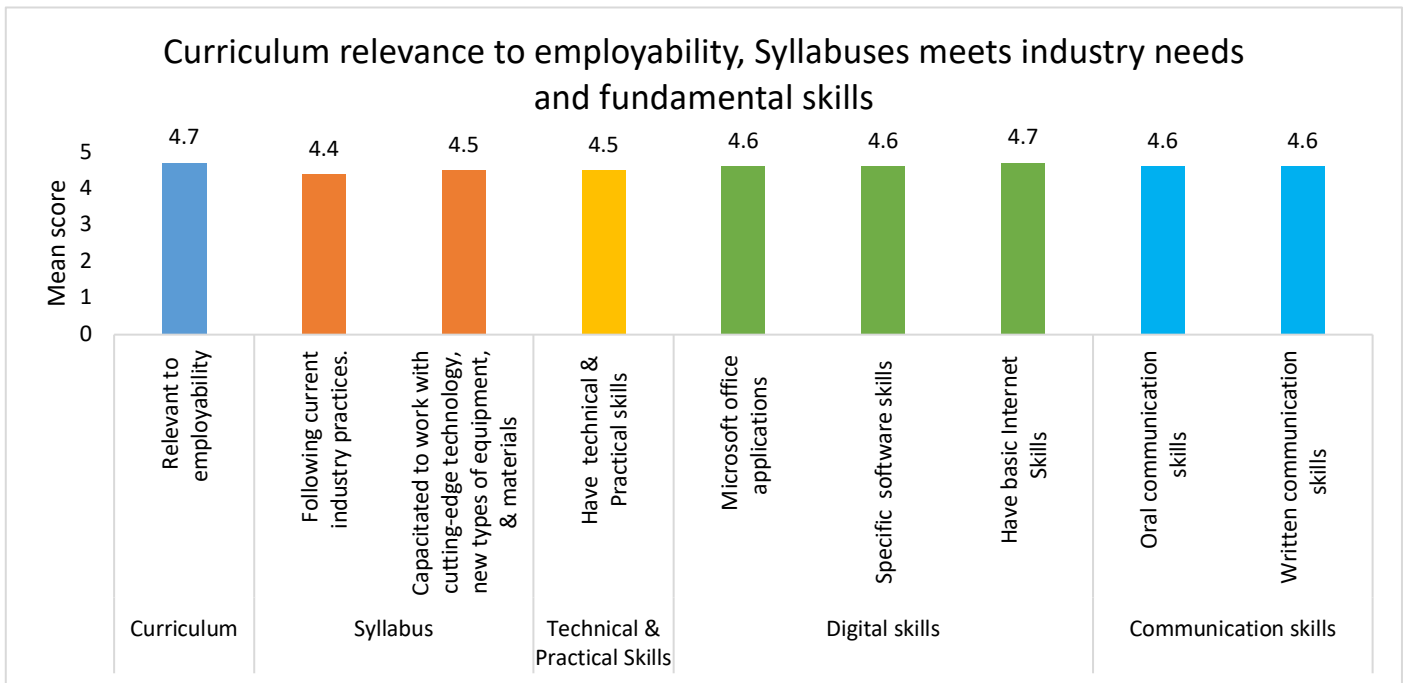

Table – 5: Entrepreneurship Skills, research work and legal knowledge

Questions	Strongly Agree	Agree	Neither Agree nor Disagree	Disagree	Strongly Disagree	Mean Score
4 The curriculum encompasses Entrepreneurship Skills						
Possess entrepreneurial abilities that include identifying market gaps, suggesting ways to improve processes, and developing new ideas	26	11	1	0	0	4.7
Able to initiate, lead and lift teamwork spirit	25	12	1	0	0	4.6
Digital marketing: Ability to use digital technologies to promote products and services that include websites, blogs, search engines, and social media	22	16	0	0	0	4.6
Employers are very happy with the digital marketing skills and teamwork spirit of the graduates. They have also given highly positive ratings to the entrepreneurship skills in the curriculum.						
5 The syllabus encourages Research work						
Able to identify problems and come up with viable solutions	23	12	3	0	0	4.6
Develops new processes and products	21	17	0	0	0	4.5
Apply critical thinking skills to analyse the information	23	12	2	0	1	4.5
Employers are satisfied with the problem identification, critical thinking, and problem-solving skills of the former students of the University.
