Department-wise Action Taken Report on Feedback (2019-20)

IQAC collected feedbacks for the academic year 2019-20 for all the departments of the university, from all stakeholders. It was further categorized and analyzed.

IQAC communicated the observation to all the heads of the departments of the university and asked for the recommendations from every department separately for each category of stakeholders.

The major recommendations received from the departments are:

- Revision of Syllabus
- Enhancement of Laboratory and Department Library
- Carrier Oriented classes
- Industry related training
- Communication and soft skills

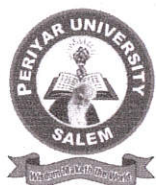

Action Taken by IQAC:

The IQAC and the Registrar with all the recommendations collected and considered regarding the syllabus content, directed all the Heads of the Department to incorporate the recommendations from the departments in the forthcoming Board of Studies.

Further the recommended department laboratory and library facilities should be enriched in the respective department budgets.

The following recommendations are recorded and forwarded to IQAC for further action.

Stakeholders	Observations from the Data	Recommendations
Student	Students are happy about the entire programme. In order to upgrade their thesis writing, more translational skills are required.	More training programmes on Translation workshops shall be organized.
Teacher	Faculty members of the department feel that the course content is fulfilling. Besides, Skill Development courses are required.	Diploma courses on Skill development shall be offered.
Alumni	The syllabus in the department is up-to date to face NET/SET and other Competitive Examinations. Further, career guidance classes are required.	More training on employability shall be organized.
Employer	Advanced computer literacy must be a part of the curriculum as employees face difficulty in handling online programmes.	The Department has encouraged the students to opt computer related courses like Advanced Microsoft Office as their supportive courses. The Department trains the students to be familiar with computers through Language Laboratory.

The following recommendations are recorded and forwarded to IQAC for further action.

Stakeholders	Observations from the Data	Recommendations
Student	Craft work classes; garment designing in 3D practicals to be included in the syllabus.	More number of workshops on craft works shall be organized. Regarding the inclusion of garment designing in 3D practical to the curriculum, it is to be discussed in the next board of studies.
Teacher	All the faculty members felt that the syllabus content is exemplary. A few faculty members suggested that more discipline related Laboratory, should be established.	The respective course teacher has been asked to submit the laboratory requirements for establishing laboratories.
Alumni	Alumni suggested that event management and photography can be added to the curriculum. Requested to include the syllabus related to NET/SET exam.	It is to be discussed in the next board of studies regarding Event Management course and syllabus related to NET/SET exams. The fashion photography course has already been included as an elective course from 2018-2019 onwards.
Employer	Employers suggested that the Advanced CAD software like Lectra, Gerber, Optitex and ERP software must be a part of the curriculum as students struggle to learn and adopt to work with these software in the industry.	The Department has already purchased original TUKA CAD, Pattern making and Grading software which is being taught as a separate practical course. The Department is sending the students for mandatory internships as a part of the curriculum.

Sub: Recommendation Submission – Reg.

The following recommendations are recorded and forwarded to IQAC for further action.

Stakeholders	Observations from the Data	Recommendations
Student	Student provided positive response towards syllabus content, coverage of syllabus and few of them felt to improve the laboratory facilities.	Steps shall be initiated to improve the laboratory facilities.
Teacher	Faculty strongly agree that the syllabi, course content and all teaching learning activities are of high standard.	Syllabi will be updated to meet the need for industrial and social requirement in the forthcoming Board of Studies.
Alumni	Alumni feel that the quality of teaching is excellent. However, they feel that sophisticated instrumentation facilities will improve the technical knowledge of the student.	The Department recommends purchasing of well sophisticated equipments like automated DNA sequencer, confocal microscope, Flow Cytometry etc.
Employer	Employers are happy with the communication skills, soft skills and conduct and characters of the students. Perhaps, they suggested including entrepreneurship related courses in the curriculum.	As per the suggestion, job oriented courses like aquaculture, apiculture, sericulture and vermiculture courses will be updated.
