API score indicators/self-assessments for Categories I, II and III

**API SELF-ASSESSMENT PROFORMA ON PERFORMANCE-BASED APPRAISAL SYSTEM
(to be submitted by every applicant as per UGC regulations, 2010)**

Minimum API Score Required for Direct Recruitment of Associate Professor	Minimum Essential Qualification and Consolidated API score of 300 Points from Category III of API
Minimum API Score Required for Direct Recruitment in Professor	Minimum Essential Qualification and Consolidated API Score of 400 Points from Category III API

Note: Please read the instructions given in the UGC Regulations 2010 and revised Regulations 2013 available in the UGC website

www.ugc.ac.in for calculating API scores.

PART B: ACADEMIC PERFORMANCE INDICATORS

(Please see detailed instructions of this PBAS proforma before filling out this section)

CATEGORY: I. TEACHING, LEARNING AND EVALUATION RELATED ACTIVITIES

Brief Explanation: Based on the teacher's self-assessment, API scores are proposed for (a) teaching related activities; (b) domain knowledge; (c) participation in examination and evaluation; (d) contribution to innovative teaching, new courses etc. The minimum API score required by teachers from this category is 75. The self-assessment score should be based on objectively verifiable criteria wherever possible and will be finalized by the screening/selection committee.

Universities will be required to detail the activities and in case institutional specificities require, adjust the weightages, without changing the minimum total API scores required under this category.

S. No.	Nature of activity	Maximum score
1	Lectures, seminars, tutorials, practicals, contact hours undertaken taken as percentage of lectures allocated	50
2	Lectures or other teaching duties in excess of the UGC norms	10
3	Preparation and Imparting of knowledge/instruction as per curriculum; syllabus enrichment by providing additional resources to students	20
4	Use of participatory and innovative teaching-learning methodologies; updating of subject content, course improvement etc.	20
5	Examination duties (Invigilation; question paper setting, evaluation/assessment of answer scripts) as per allotment.	25
	Total Score	125
	Minimum API Score Required	75

Note: 1: Lectures and tutorials allocation to add up to the UGC norm for particular category of teacher. University may prescribe minimum cut-off (net of due leave), say 80% for 1 and 5 above, below which no score may be assigned in these sub-categories.

Note 2 :

The model table proposes API Scores and the mode for awarding these scores for various parameters of Category I of PBAS.

1. Wherever the unit of assessment is the number of hours, the teacher is required to compute the total number of hours allocated as per the time-table or the actual number of hours spent in that activity in the previous academic year. The institution can verify these from the official Time Table and the record of students attendance.
2. In calculating the number of hours allocated, only working days/weeks will be taken into account. For example, if a teacher has been assigned 20 hours of classroom teaching per week in an institution that teachers for 16 weeks per semester, the teacher would write 320 hours (plus another 320 hours if his/her teaching load is the same in the second semester) in the row 1A(i). Since this is 2 hours higher than the UGC norm, s/he would claim additional 2 x 16 hours in row 1A (ii). If s/he has actually taught for 275 hours in that semester, s/he would claim 275 hours in row 1A (iii). So, in all, she would get credit for $320+32+275 = 627$ hours for that semester, S/he would do similar calculation for the second semester and the total would be entered in each row.
3. In most sub-categories, the total score of a teacher may exceed the maximum score permitted against the relevant sub-total. In that case, the score of the teacher will be credited the maximum score. For example, a teacher who marks 900 scripts can get credit for 300 hours and may have spent another 40 hours on examination duty. This adds up to 340 hours = 34 points. But s/he will be awarded the maximum of 20 points in that category.
4. Wherever the criterion involves an assessment by the screening committee, the teacher will be required to submit some evidence of work done. Each institution may further develop these criteria and specify the requirements for the various categories mentioned here.
5. Under 4c, the teacher is only required to give a proof that s/he administered an anonymous feedback questionnaire wherein the students can give their assessment of the quality of his/her teaching. S/he would be entitled to the points irrespective of the content of the content of the feedback. The comments given by the students may not be used against the teacher in this exercise.

Category	Nature of activity	Notes	Unit of assessment	Score	
Category I	TEACHING, LEARNING ANND EVALUATION RELATED ACTIVITIES			To be filled by the applicant	To be checked by the University

1B	Tutorials and Practicals	Actuals as per attendance register	Hours per academic year		
1C	Outside classroom interaction with students	Max 0.5 of hours in 1A	Hours per academic year		
	Sub-total 1	Score = hours/10 (max score 100)			
2	Research Supervision (including Masters thesis)	Max 1 hour per student per working week	Hours per academic year

	Sub-total 3	Score = hours/10 (Max score = 20)			
4A	Teaching innovation including preparation of innovative course, use of innovative methodologies for teaching including bilingual/multi-lingual teaching	Evidence to be provided. Scores to be finalized by the screening committee	Outstanding = 10 Very good = 7 Good = 5 Average = 3 Modest = 1		

4B	Preparation of new teaching-learning material including translation, bridge material, study pack or similar additional resource for students	Evidence to be provided. Scores to be finalized by the screening committee	Outstanding = 10 Very good = 7 Good = 5 Average = 3 Modest = 1		
4C	Use of anonymous students' feedback on the quality of classroom teaching and students interaction	Performance and summary feedback to be attached	2 points per course (max 10 points)		

Minimum score required for promotion: 150 out of a total of 250 from category I and II, at least 100 (from Maximum of 180) from category I and 20 (from maximum of 70) from category II.

CATEGORY – II : CO-CURRICULAR, EXTENSION AND PROFESSIONAL DEVELOPMENT RELATED ACTIVITIES :

Brief Explanation : Based on the teacher’s self-assessment, Category II API score are proposed for co-curricular and extension activities; and Professional development related contributions. The minimum API required by the teachers for eligibility for promotion is 15. A list of items and proposed scores is given below. It will be noticed that all teachers can earn scores from a number of items, whereas some activities will be carried out only by one of a few teachers. The list of activities is board enough for the minimum API score required (15) in this category to accrue to all teachers. As before, the self-assessment score should be based on objectively verifiable criteria and will be finalized by the screening/selection committee.

The model table below gives groups of activities and API scores. Universities may detail the activities or, in case institutional specificities require, adjust the weightages, without changing the minimum total API scores required under this category.

S. No.	Nature of activity	Maximum score
1	Student related co-curricular, extension and field based activities (such as extension work through NSS/ NCC and other channels, cultural activities, subject related events, advisement and counseling)	20
2	Contribution to Corporate life and management of the department and institution through participation in academic and administrative committees and responsibilities	15
3	Professional Development activities (such as participation in seminars, conferences, short term training courses, talks, lectures, membership of associations, dissemination and general articles, not covered in Category III below)	15
	Minimum API Score Required	15

Note:

The model table proposes API Scores and the mode for awarding these scores for various parameters of Category II of PBAS.

1. Wherever the unit of assessment is the number of hours, the teacher is required to compute the total number of hours allocated as per the time-table or the actual number of hours spent in that activity in the previous academic year. The institution can verify these from the official Time Table and the record of students attendance.

So, in all, she would get credit for 320+32+275 = 627 hours for that semester, S/he would do similar calculation for the second semester and the total would be entered in each row.

4. Wherever the criterion involves an assessment by the screening committee, the teacher will be required to submit some evidence of work done. Each institution may further develop these criteria and specify the requirements for the various categories mentioned here.
5. Under 4c, the teacher is only required to give a proof that s/he administered an anonymous feedback questionnaire wherein the students can give their assessment of the quality of his/her teaching. S/he would be entitled to the points irrespective of the content of the content of the feedback. The comments given by the students may not be used against the teacher in this exercise.
